Re: Capacity Assurance Request for 5-year Solid Waste Plan

Mr. Epperson:

The Rumpke of Kentucky, Inc. Montgomery County Landfill (permit #087-00003) located in Jeffersonville, Kentucky currently has approximately 4.5 years of currently permitted capacity and currently has a horizontal expansion application under review with the Division of Waste Management which will provide an additional 30 years of capacity. These estimates are based on current tonnage and compaction rates.
